

Introduction to Weapon Crafting

Most of the weapons you use in Dawn's Light 2 will be made by Lord Christoph Swordhand. He won't supply materials though so you'll have to find those.

After you rescue Christoph in Redwood Forest, a new option will appear in the menu. You can use it to teleport to Christoph's workshop at any time during the game.

The weapons Christoph makes for you will be far superior to those you can purchase at weapon shops.

OFFICIAL STRATEGY GUIDE

Chapter 1 – Harvey's Quest

A knock at the door

After a brief intro, Harvey will hear a knock at the door and you'll be able to control him. Leave the house to discover that there was in fact nobody there. Next make your way into the forest to the left and attempt to walk over the bridge. It will break apart and Harvey will say that he could fix it with a small assortment of items which you can now see in the top corner of the screen.

Make your way up into the forest to start collecting the items. On the next screen, pick up the flashing board in the water and then move left onto the next map. Climb to the top of the stairs and collect the hammer off the rock. Walk across the metal grates on the waterfall and move left onto the next map. Make your way across the rocks and climb down the rope.
